SUMMARY

Designer, artist, and technologist with a B.S. in Integrated Design & Media from NYU Tandon and a foundation in Photography & Imaging from NYU Tisch. Experienced across brand identity, visual systems, digital marketing, UI/UX, web development, and film production. Equally comfortable conceiving and executing creative work and navigating the technical and analytical dimensions of digital platforms. Proven collaborator with a track record of delivering polished, on-brief work across design, media, and technology contexts — from indie film to institutional clients to independent practice.

SKILLS & TOOLS

Adobe Creative Suite | Figma | Canva | HTML & CSS | React | TypeScript | Framer Motion | Squarespace | Meta Ads Manager | Google Analytics | SEO | Microsoft Office | AI Design Tools | Brand Identity & Visual Systems | Typography | UI/UX | Print Design | Film & Video Production

EXPERIENCE

Design & Marketing Specialist

La Cima Charter School | Brooklyn, NY | September 2024 – January 2026

- Led a full brand and communications overhaul — establishing a visual identity system and delivering consistent creative across web, print, social, and digital advertising channels.
- Directed a full website redesign (launched Dec. 2025) meeting NY State compliance, accessibility, and bilingual requirements; managed SEO, analytics, and stakeholder training.
- Planned and executed targeted Meta ad campaigns, managing creative specs, audience targeting, pixel tracking, and performance reporting.

Freelance Designer & Developer

Independent | New York, NY | January 2020 – Present

- Designed and developed custom websites for a range of individual and organizational clients including musicians, creatives, and small businesses — each built to the client's distinct aesthetic and functional requirements.
- Handled full project lifecycle independently: scoping, wireframing, design, front-end development, domain management, SEO configuration, and analytics setup.
- Built responsive, accessible sites using React, TypeScript, and HTML/CSS, with interactive elements and animations via Framer Motion; selected and configured CMS platforms based on client technical needs and long-term maintainability.
- Maintained ongoing client relationships, iterating on work based on feedback and managing post-launch updates and performance reporting.

Screen UI Designer

Kilohertz | New York, NY | January 2026 – March 2026

- Designed fictional brand identities, websites, and digital interfaces for NightFlirt, an indie horror feature starring Keir Gilchrist and Elsie Fisher (Deadline, Feb. 2026: deadline.com/2026/02/keir-gilchrist-elsie-fisher-to-star-nightflirt-horror-movie-1236727303).

Web Designer

KITE Scouting | New York, NY | June 2025 – November 2025

- Executed a full rebrand and website redesign including wireframes, vector assets, and Framer Motion animations across all brand touchpoints.

Production Assistant

Division7 | New York, NY | August 2023

- Supported on-set crew coordination and logistics for a professional NYC production company.

Administrative Intern

Advanced Materials Technologies | Wilmington, DE | June 2021 – August 2021

- Assisted with lab operations, inventory management, and shipping logistics in a professional technical environment.

EDUCATION

B.S. in Integrated Design & Media

New York University – Tandon School of Engineering | New York, NY | September 2023 – May 2025

GPA: 3.5 / 4.0 | Thesis: Generative art installation using algorithms modeled after organic growth to produce original paintings
